FB Review

I have recently had laser hair removal at Manor Health. The treatment has been fantastic, the results have exceeded my expectations, and I would definitely recommend this clinic. Maria is professional, kind, and makes me feel comfortable.

FB Review

I have had my lips filled by Maria at Manor Health and I'm so pleased with them. I had very little pain as Maria did a brilliant job of numbing them. I have had lip fillers in the past, but would always go to Manor Health now. Thanks Maria, they are fabulous and would highly recommend.

FB Review

I have recently had my second lymphatic drainage treatment for general well being. The procedure itself was very pleasant and relaxing but the effect on my aching legs, especially my knees, was wonderful.
